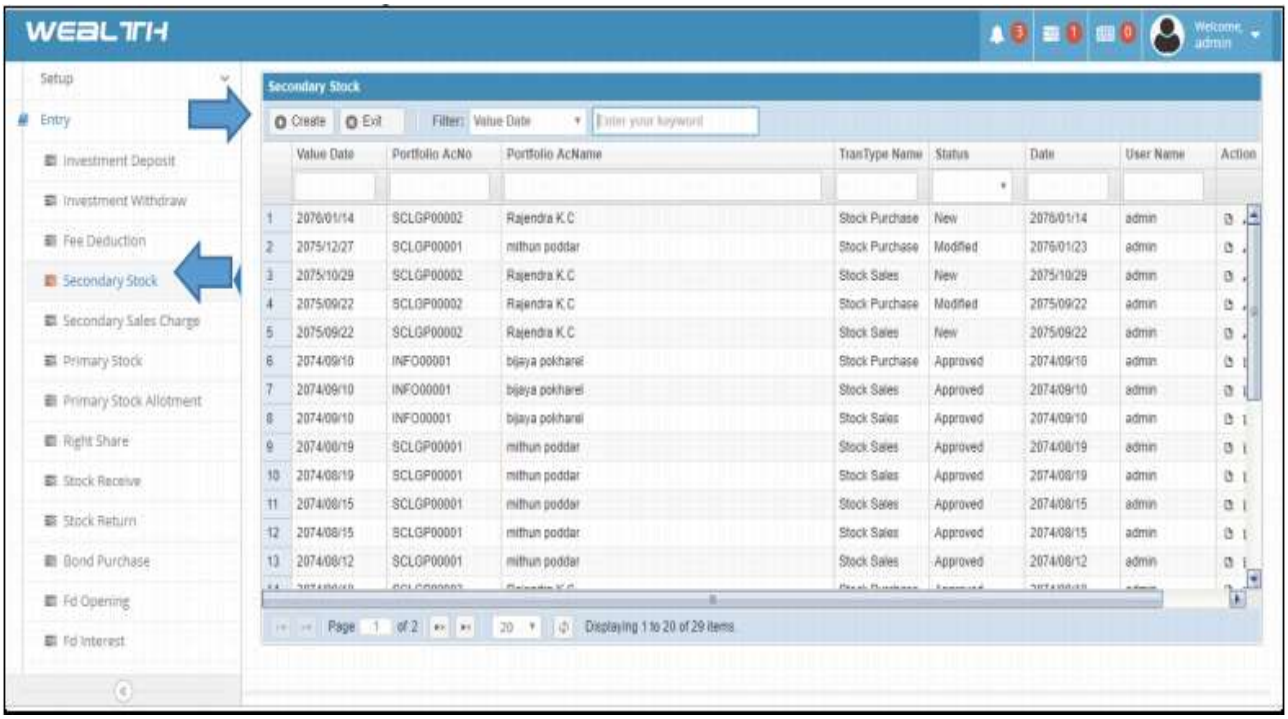
Secondary Stock - User Manual

Secondary Stock means buying and selling of share/stock through stock broker. PMS magaer or admin will buy or sell the shares through broker and the broker will provide all the information to the PMS manager or admin and they will enter all the information in the system.

This is a interface where approved and non-approved Secondary Stock data are displayed. "Action" has the option to view, edit and delete but Approved form is not editable whereas non-approved form is editable.

Click on the "Create" button which is at the top left side of the screen, an admin or PMS manager can create the secondary stock.



After clicking on "**Create**" button, the screen for the Secondary Stock create would appear and the admin should fillup the form.

*Value date is the current date.

*Transaction type has the option for buying or selling of shares. An admin has select an appropriate option from drop down menu.

*Portfolio Ac No is the client portfolio account number and here it appeared on popdown menu and admin has to select correct one.

* portfolio Name appears automatically associated with the portfolio account number.

*Broker is the trading broker from which the buying and selling was performed. There was already availabe 50 broker name and the admin has to select the correct one from the drop down menu.

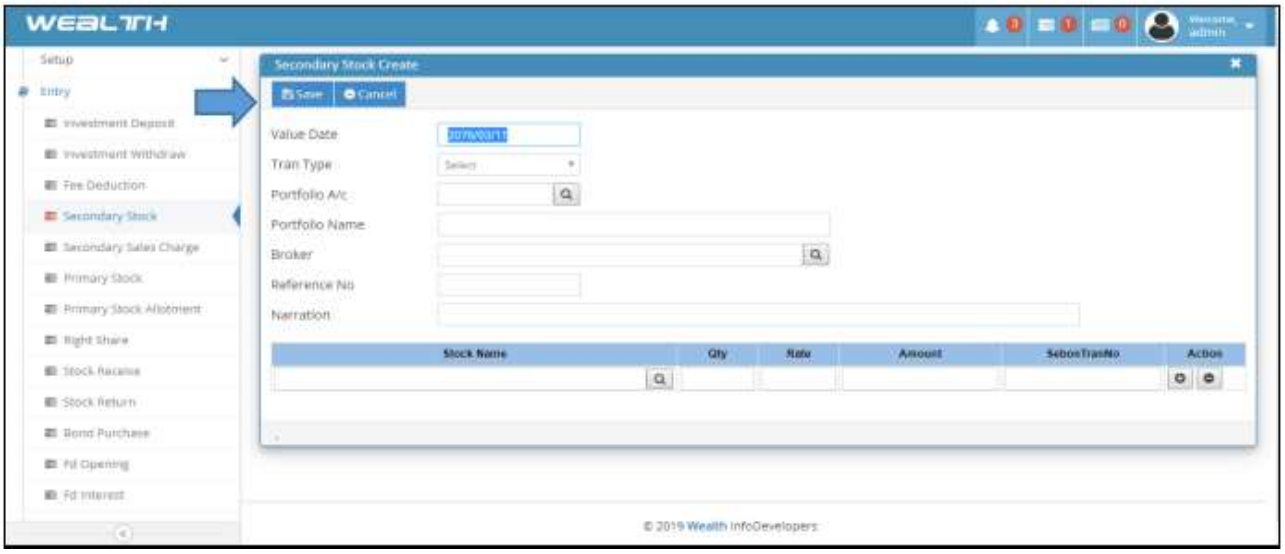
*Reference No was the transaction number.

*Narration is extra information an admin should entered if that was left out in the transaction.

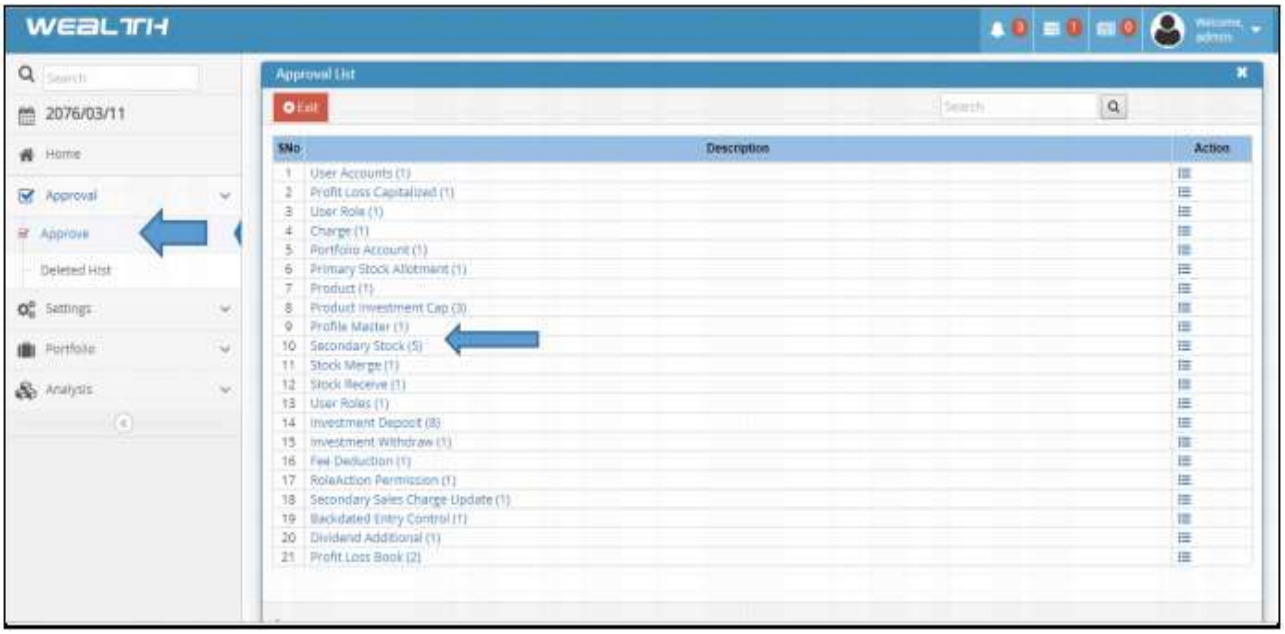
*Stock Name is the share which was trade; either buy or sale. The stock name are auto generated after clicking on that field and an admin has to select the correct stock.

** Qty means the number of stock, Rate means the price of that selected stock, Amount is the calculation of rate and quantity, Sebon transaction number was the transaction number in trading.

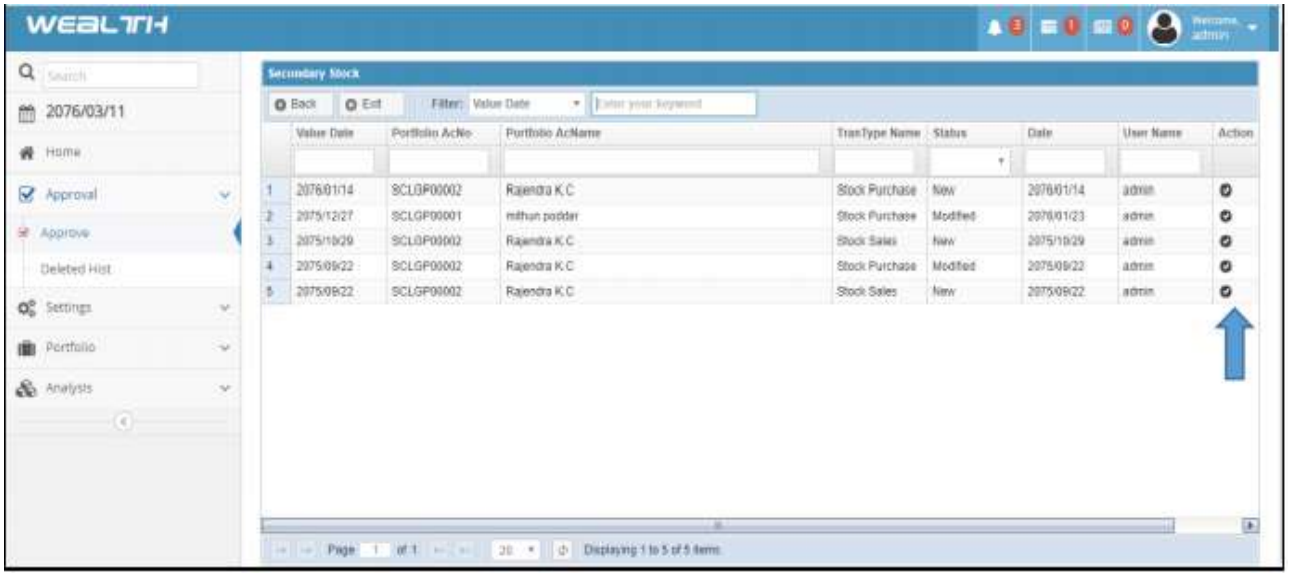
After the form filled correctly then click the **Save** button.



After Saving the form go to the **Approval** section below the Home and click on **Approval** and then click on **Approve**. And select the **Secondary Stock.**



After the selection of Secondary Stock; the screen for the Secondary Stock will display then Click on the "Action" button on the right side of the displaying screen.



After clicking on Action; The screen for the Secondary Stock Approve is displaying. Clicking on **Approve** button, the forms filled previously on the Create Screen will Approve and the Secondary Stock will create.
