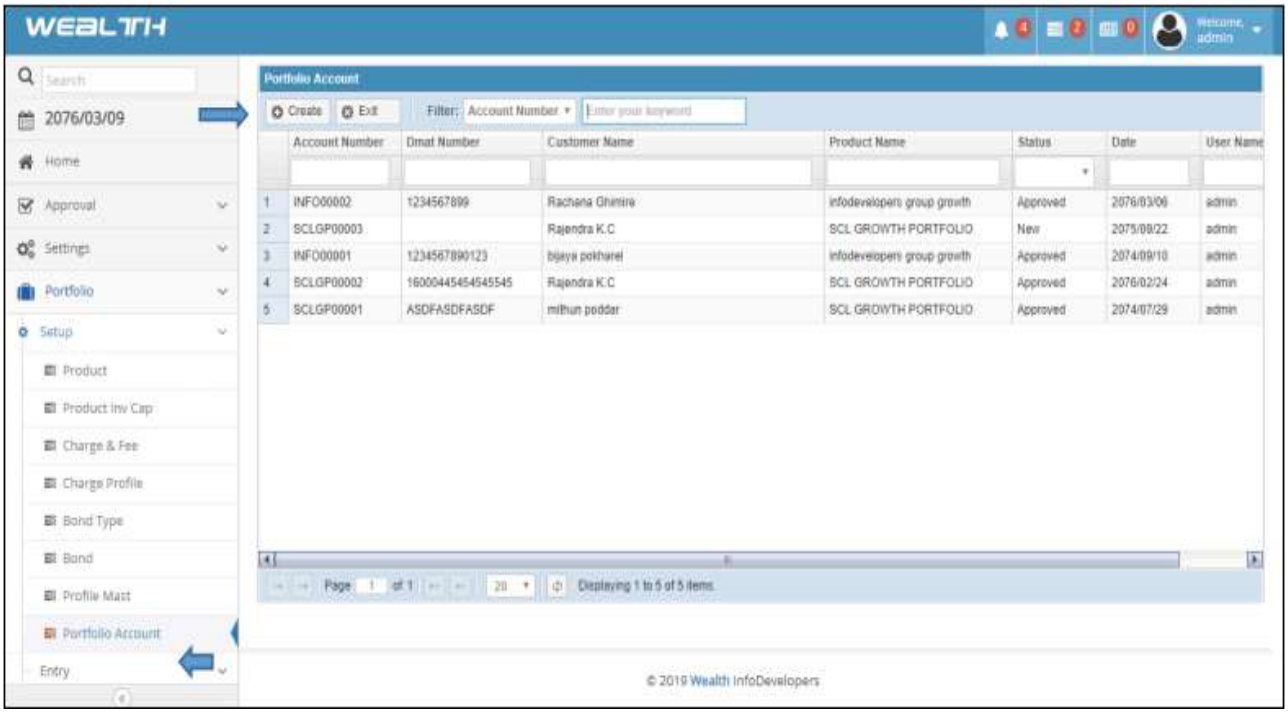
Portfolio Account - User Manual

Portfolio Account is an account that is necessary for the transaction purpose. This account require details such as: Customer, Product, Commencement date, Days, Expiry date, Bench mark, Hurdle rate, Relation manager, Bank account number, Dmat number, Nominee name, Agent, Sub agent.

An User or admin can create a portfolio account if its profile, product, account charges and fees are setup are approved. This is a page where approved and non-approved Portfolio Account are displayed. "Action" has the option of view, edit and delete but Approved form is not editable whereas non-approved form is editable.

An User or Admin can create Portfolio Account by clicking on "Create" button at the top left side of the screen.



After clicking on "**Create**" button the screen for the portfolio account create would appear and the admin should fillup the form correctly.

*In the Customer field, an admin has to select the given customer name which was previously enterd and should select the right customer.

*product is the selection of the product scheme which was entered previously.

*Commencement date is the current date.

*Days are the days going to invest on that portfolio.

*Expiry Date is the portfolio completion date or the maturity date;

*AMFRate refers to Annual Maintenance Fee Rate.

*Bench Mark is the standard set for the portfolio. Here the dropdpwn menu displays the possible benchmark options, so the admin has to select the correct one.

*HurdleRate is the minimum rate that a portfolio investor wants to earn when investing in a instruments.The **hurdle rate** is also referred to as the company's required rate of return or target rate.

*Master Portfolio means the main portfolio account which cover other portfolio account; like if a senior member of family want to know all other family member portfolio under his/her own dominance then the master portfolio will create under his/her name and the admin or PMS manager has to select it.

*Relationship manager is the company personnel or person who manages the portfolio.

*Bank A/C Number is the client bank account number.

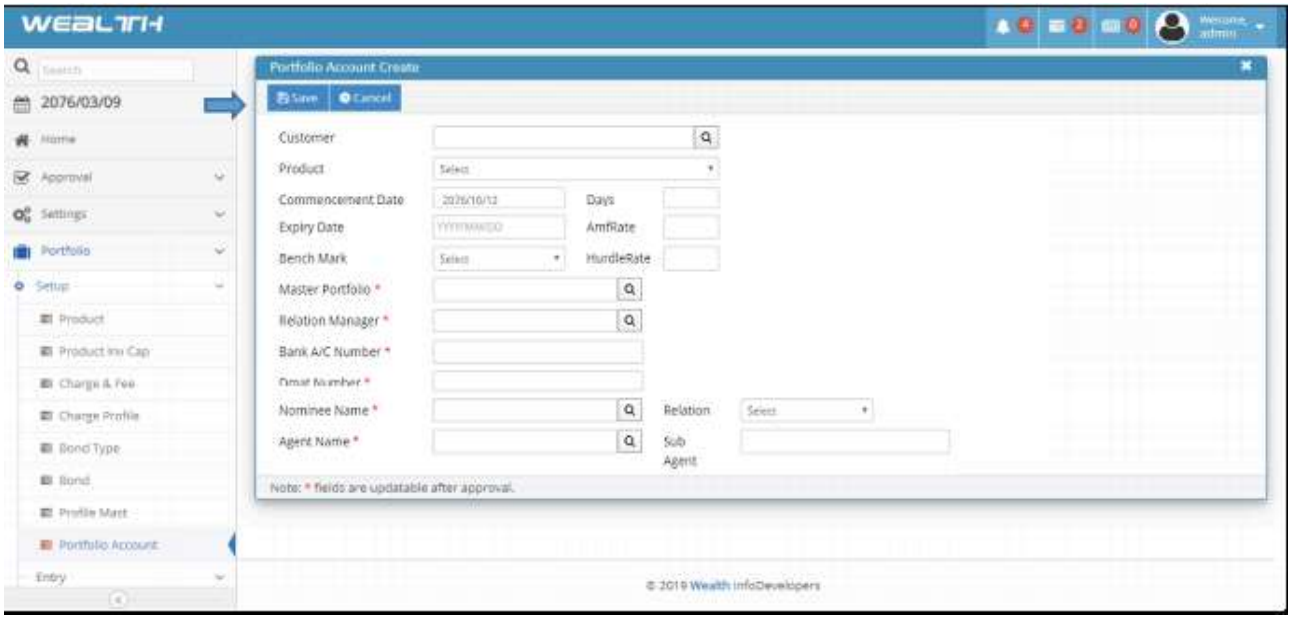
*DMAT Number is the 16 digit demat account number where virtual shares are storages.

*Nominee Name is person name who receives the benefit in case of death of the portfolio holders.

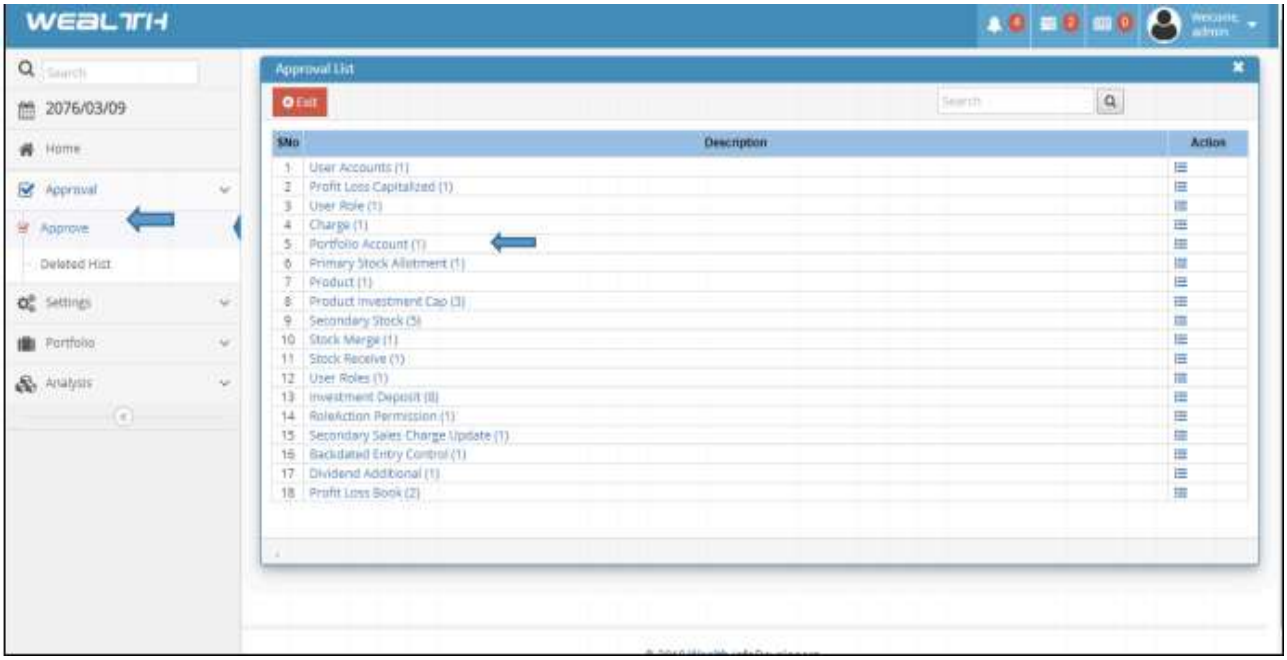
*The relation column gives the options for the selection of relation between the Nominee and the portfolio holders.

*Here Agent refers to the person who brings client for the company for the portfolio subscription.

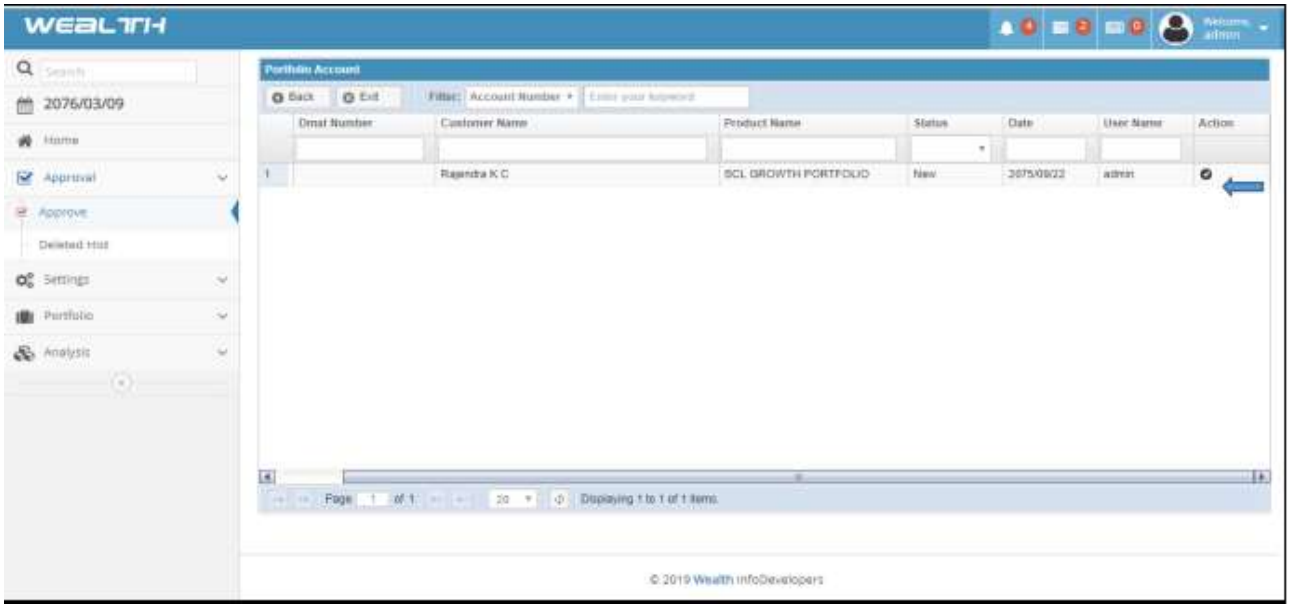
After the form filled correctly then click the **Save** button.



After Saving the form go to the **Approval** section below the Home and click on **Approval** and then click on **Approve**. And select the **Portfolio Account.**

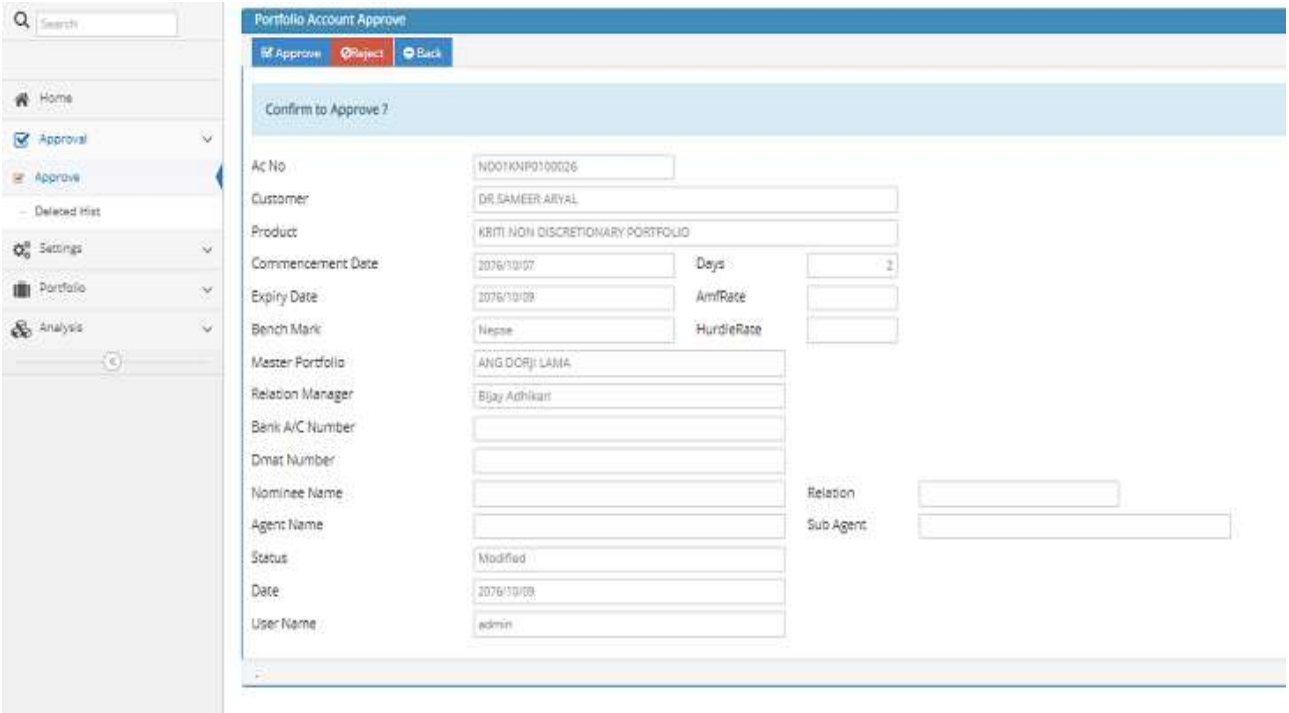


After the selection of Portfolio Account; the screen for the Portfolio Account will display then Click on the "Action" button on the right side of the displaying screen.



After clicking on Action; The screen for the portfolio Account Approve is displaying. Clicking on **Approve** button, the forms filled previously on the Create Screen will Approve and the Portfolio Account will create.

If the account is Reject then the pop-up screen will display and the related person or admin or PMS manager will enter the reasons for rejection.



After entering the cause for rejection then click "yes". After the rejection the PMS manager or an admin has to re-enter or correct the error and do the same process for the Approve.
